Financial Clarity On One Platform

Citywide Budgeting helps finance teams build defensible, audit-ready budgets in less time.

By consolidating operating, capital, and salary planning on one configurable platform, communities reduce manual errors, improve data accuracy, and free staff to focus on analysis and long-term fiscal strategy.

Flexible Accounting Structure

Highly configurable system that adapts to your chart of accounts, diverse funds, and entity structures.

Create Single and Multi-Year Budgets

Allocate funds and calculate costs of services to align with your long-term goals.

Real-Time Team Collaboration

Foster seamless teamwork with a shared, browser-based budget workspace.

Track Version Changes

Maintain a single source of truth and prevent errors with access to full version history.

Apply Scenario Modeling and Analysis

See how organizational changes will impact your financial projections and revenue forecasting.

Generate Custom Reports

Automate stakeholder-ready financial reporting tailored to your needs and save time.

A Powerful, Configurable Platform for Budgeting

Eliminate manual processes and make defensible, data-driven decisions with Citywide Budgeting—software that scales with your needs now and in the future. Three distinct budget plans help your organization stay on track:

Operating Plan

Build your operating budget in one secure, ERP-connected platform. Full version history and built-in controls prevent grants from inflating baselines and surface variances early—so issues are resolved before they escalate.

Salary Plan

Model personnel costs—including step progressions and pooled positions—without rebuilding the budget, keeping workforce planning accurate as changes occur.

Capital Plan

Plan capital projects years ahead with centralized funding visibility. Track investments from proposal to completion in one place—so funding questions are answered in minutes, not days.

Real Outcomes for Finance Teams

All Data in One Platform

Consolidate all data in one platform—replacing scattered spreadsheets with a single source of truth.

Informed Decisions

Break down information silos with organization-wide visibility to make faster, better-informed decisions.

Fast Implementation

Go live quickly and smoothly; the platform adapts to your unique structure without custom code.
